OBJECTIVE

To learn and grow as a software developer by improving my coding skills and creating useful programs. I want to solve problems and work on projects that help me become a better programmer.

TAHA ANSARI

EXPERIENCE

3 to 4 Years:
In Field Of Computer Science

EDUCATION

Ismail Yusuf College (2026-)

- Pursuing Bachelor of science in Computer Science (cs)

COMMUNICATION

I am a passionate and motivated student with a strong interest in programming and computer science. I enjoy learning how software and websites are built and continuously work on improving my coding skills. I have experience with languages such as HTML, CSS, Python, and C++, and I like building small projects to practice and explore new concepts.

LANGUAGE

- PYTHON
- HTML
- CSS
- C++
- SQL (only basics)

SKILLS

- Programmer
- Website Developer
- C++ Programs
